DIRECTIONS

for your safety

CORRECT FUEL FOR THE VEHICLE

Bensín
Gasoline / Petrol

Elstívetur Bensín
Unleaded fuel only
Carburant sans plomb
Gasoline in plastic
Benzinový benzín
Indetstøjfri bensin
H20+002 min. 95

95

Diesel | Dísel
Dísil | Dísilil
Diesel fuel / Gazole

DIESEL/GAZOLE
BIO DIESEL

PETROL
UP TO 95 ETHANOL

circle means petrol
- 8 stands for ethanol
- 5 means up to 95
renewable ethanol

DIESEL
UP TO 7% BIO DIESEL

square means diesel
- 8 stands for biodiesel
- 7 means up to 7%
renewable biodiesel

Gasoline pumps are colored differently in Iceland than you might be used to. Gasoline, 95 octane the nozzle is green colored and named Bensín. The Diesel nozzle often black colored and named Dísil, Dísel or Dísilil. A label inside the lid indicates the type of fuel required. Filling up with the wrong kind of fuel is costly to correct and could damage the engine. No insurance covers damages caused by misfuelling.

PLEASE FILL THE VEHICLE WITH THE RIGHT TYPE OF FUEL!

ADVICE

for your safety

PASSENGER SAFETY

SAFETY BELTS ARE REQUIRED BY LAW

Safety belts are obliged in all seats of the vehicle by law. Please make sure the driver and all passengers in the vehicle have their safety belts on at all times. Subject to a hefty fine if not used. All personnel in the vehicle are required to use the safety belts.

**SAFETY BELTS ARE REQUIRED ON ALL PASSENGERS
IN THE VEHICLE AT ALL TIMES, BY LAW.**

AUTOMATIC CHARGE IN TUNNEL AND PARKING

Pay the tunnel toll through the tunnel web site. For parking fee information see web site.

When driving in Iceland through the **Vaðlaheidi** tunnel and parking in **Thingvellir** and **Skaftafell** National Parks an **AUTOMATIC** charge is applied for using the tunnel and parking. Please pay attention to those charges. Failure to pay will result in higher parking and toll fee in addition to administration fee.

Pingvellir National Park - Parking fee
Skaftafell National Park - Parking fee
Vaðlaheidi Tunnel - Tunnel fee
